5. [] LIAISON Met with Messrs. Gordon Malfeldt and Frank Frauson, FBI, at their offices to discuss the FBI Public Tour Program as an input to the Agency OUTREACH program. The dimensions of the FBI tours are staggering. Five thousand people per day tour the facility. An additional 500 people per day tour the facility under the Congressional tour program with each Congressional office permitted an unlimited number of "reservations." (See Memorandum for the Record.)

6. [] LIAISON Met with Stan Taylor, Senate Select Committee on Intelligence staff, on several matters. Taylor gave me an itinerary of Senator Jake Garn's (R., Utah) trip to Mexico. Senator Garn wants an intelligence briefing on Mexico []

I told Taylor I would have a NIE on Mexico and a DDI report on narcotics to him on Monday as he requested.

Taylor informed me he had been requested by the Committee to prepare an analysis of the recent Agency study on Soviet oil production. This will become part of the overall study of the Subcommittee on Collection, Production and Quality regarding the quality of intelligence.

Taylor and I discussed further arrangements for the lecture at the Agency for a group of interns from Brigham Young University. We are offering to provide bus service for the students and Taylor agreed to provide me a list of those attending.

7. [] LIAISON Accompanied Elliot Maxwell, Senate Select Committee on Intelligence staff, to a lecture before the Senior Seminar on new intelligence charters. Most of the questions centered on the proposed structure of the Intelligence Community, particularly the post of Director of National Intelligence.

Maxwell gave me draft secrecy agreements to cover Committee staff access to compartmented information.
